

Natural Solutions for Health: GROWING WITH YOUR SUPPORT

Dr. Tom Sladic is both a Doctor of Chiropractic as well as a Certified Nutrition Specialist. The practice focuses on both chiropractic care and natural integrative holistic care employing natural methods of treatment. His approach to health is a preventative model based on the teachings of Functional Health and Medicine. Dr. Sladic has dedicated his practice to the treatment of chronic conditions.— We find natural solutions when other forms of treatment fail. Utilizing state of the art equipment and cutting edge laboratory testing, functional blood analysis, food sensitivity testing, thorough physical examination, lengthy history taking and more, we seek for the underlying causes of your health problems. Most doctors spend only a few minutes with patients and write a prescription medication which often times only masks the symptoms of disease.

No one is rushed or herded through the office like cattle because giving quality health care takes time. You will be able to address all of your health concerns naturally. It's a science-based, natural way to become healthy again.

Instead of looking at and treating health problems as isolated diseases, it treats individuals who may have bodily symptoms, imbalances and dysfunctions.

Almost always, the cause of the disease and

its symptoms is an underlying dysfunction and/or an imbalance of bodily systems. Many patients come to Dr. Sladic after being passed from doctor to doctor receiving little to no help.

Some of the health issues Dr. Sladic helps support naturally are listed below:

Chronic Pain, Back, Knee and frozen shoulder, Peripheral Neuropathy, irritable bowel syndrome, hypothyroidism and Hashimoto's, Autoimmune disorders, fibromyalgia, type 2 diabetes, weight management, We have a new PEMF therapy device that has helped BPH (enlarged Prostate).

With the addition of this technology and the number of patients seeking our help we have just relocated to a larger facility. With this in mind we will be able to offer our services to more people and continue to add cutting edge technology and services.

The new location for Natural Solutions for Health is in the medical arts building which is on the south side of 14 mile road just east of M5. 39525 Fourteen Mile Road, suite 100, Novi, Mi. 48377

Visit our New Facility and Try our Services.

Dr. Sladic believes in educating people about their chronic conditions so they know what choices they have in treatment. At my seminar participants learn about the newest clinically proven therapies available. Last year Dr. Sladic released his book "Doctors Guide to End Your Thyroid Problem" which is available for purchase at our office. During the month of March we will be offering Seminars at our new facility. If you are interested in attending get your name on our list and we will notify you of upcoming dates. All of our new patients receive a thorough consultation and case review to uncover what might be at the root of the problem. We have also decided to offer all new patients an opportunity to receive a consultation along with two trial sessions to experience our care at a reduced fee of \$45 (valued at \$350). Most people don't realize that help is available and when they experience what we do they are extremely happy and grateful. For us that is one of the greatest feelings in the world.

We have several video testimonials on our website drSladic.com for you to view. To reserve your consultation and trial sessions or to register for a seminar call 248-926-0455. Be sure to mention this article.
